

# WATTS TREE CARE SUMMER

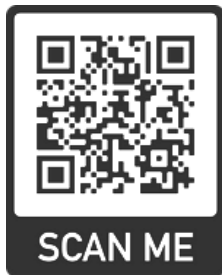

Join TreePeople's community forestry team to help ensure our urban trees in Watts have the best chance at thriving!

Caring for trees that have already been planted increases shade, helps rainwater capture, cleanses water draining to the ocean, bolsters air quality, and mitigates the impact of climate change for the Watts community.

We'll be watering trees, rebuilding berms, pulling weeds, and more!

**8:00-11:00 am on:**

- 🍃 **May 20 & 24**
- 🍃 **June 21 & 24**
- 🍃 **July 6, 12, 20 & 22**
- 🍃 **August 17, 24 & 26**

To register, go to
